

## Roundtable for Leaders

Harness the power of group coaching and mentoring while also leveraging the benefits of one-on-one coaching to accelerate leadership impact.

The **Roundtable for Leaders** is designed for motivated leaders who are looking to take their career to the next level. Working in small peer groups, leaders meet at regular intervals for focused group coaching over 12 months. Led by an experienced coach, they explore key elements of leadership including: core values, strengths and personal legacy and brand. Additional topics are selected by the group based on their unique needs and objectives.

Through this unique approach, group members bolster their coaching and mentoring skills while sharpening their ability to deliver, action and accept feedback. Between sessions, they implement their plans and track progress. Executive coaching adds additional individual support on the leadership issues that matter most. This is learning in real-time.

### About The Roundtable

**The Roundtable** is where leaders cultivate their leadership, together. Our award-winning group coaching programs deliver measureable and sustainable results.
